# IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
# FAILURE TO MONITOR

**ESTE INFORME CONTIENE INFORMACIÓN IMPORTANTE ACERCA DE SU AGUA POTABLE. HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.**

**Monitoring Requirements Not Met for Possum Valley Municipal Authority**

Our water system violated several drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the 1st quarter 2020 we did not monitor the required timeframe for TTHMs andHAA5s and therefore cannot be sure of the quality of our drinking water during that time.*

**What should I do?**

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for TTHMs and HAA5s and how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

| Contaminant | Required sampling frequency | Number of samples taken | When all samples should have been taken | When samples were or will be taken |
|---|---|---|---|---|
| TTHM | Quarterly 01/23,04/23,07/22 ,10/25 | 1 | 01/23/2020 | 01/28/2020 |
| HAA5 | Quarterly 01/23,04/23,07/22 ,10/25 | 1 | 01/23/2020 | 01/28/2020 |
